

Boys and Clowns-2006, painting/collages with bits of jewelry, and Girls with Victorian Buildings 2005/06 painting/collages. Both series are works on paper mounted on canvas. They are in part a continuation of my pinup painting/collages series that I've been making since 1995 which I first exhibited them at NoName Exhibitions in Minneapolis, Minnesota, and later on at Granados 2 Gallery in Atwater Village, in a solo show for 1996.
