## *Echoes & Fractures*

october 16 thru november 13, 2010.  
reception: saturday, october 16, 7-10 pm

40-417 (detail), enamel on canvas, 2010

**L2kontemporary** is pleased to present the fourth solo exhibition at the gallery of recent paintings from Los Angeles area based artist Thomas Trivitt, *Echoes & Fractures*.

The theme of the exhibition, *Echoes & Fractures*, features two separate, yet related, bodies of work. Each incorporates the bold, colorful, pin striped lines that have become, over the last few years, Mr. Trivitt's signature mark-making style.

In the *Echoes* part of the exhibition, each line is not only echoed on the canvas plane, but single canvases of the series then become echoes of and for one another, each featuring a monochromatic line narrative. In the *Fractures* part of the work, Mr. Trivitt constructs his spider web-like network of lines and then he readdresses the canvas surface by severing the existing line structure with fresh lines of black. The visual effect functions not unlike that of a stained glass window.

The artist lives in Corona, California and has shown his work in both solo and group shows throughout California.

Please join us for a reception for the artist that will be held on October 16, 2010 from 7 - 10 PM. The show will remain on view through November 13, 2010.
